

Using Teamwork for the Green Gown Awards

Clarify

Raise any queries about the process with EAUC as early as possible. Check your junk email box in case important messages have been filtered there and keep the rest of your team up to date.

Communication

Plan how to communicate your progress on the application with the rest of your team - we used a Teams channel and Miro board.

Support

Support each other in writing, reviewing, and re-drafting the application to keep things moving.

Collaboration

Develop the application together in a small team.
